² The name of the faculty which manages the educational curriculum to which the discipline belongs

³ The name of the department entrusted with the discipline, and to which the course coordinator/holder belongs.

⁴ The code provided in HG no.140 / 16.03.2017 or similar HGs updated annually shall be entered.

⁵ Discipline falls under the educational curriculum in one of the following formative disciplines: Basic Discipline (DF), Domain Discipline (DD), Specialist Discipline (DS) or Complementary Discipline (DC).

⁶ Application activities refer to: seminar (S) / laboratory (L) / project (P) / practice/training (Pr).

⁷ Year of studies in which the discipline is provided in the curriculum.

⁸ Discipline may have one of the following regimes: imposed discipline (DI), optional discipline (DO) or optional discipline (Df).

⁹ The number of hours in the headings 3.1 *, 3.2 *, ..., 3.8 * is obtained by multiplying by 14 (weeks) the number of hours in headings 3.1, 3.2, ..., 3.8. The information in sections 3.1, 3.4 and 3.7 is the verification keys used by ARACIS as: (3.1) + (3.4) ≥ 28 hours / wk. and (3.8) ≤ 40 hours / wk.

¹⁰ The total number of hours / week is obtained by summing up the number of hours in points 3.1, 3.4 and 3.7.

5. Conditions (where applicable)

| | |
|-------------------------------------|------------------------------------------------------------------|
| 5.1 of the course | • Auditorium with video-projector |
| 5.2 to conduct practical activities | • Seminar room video-projector, computer and Internet connection |

6. Specific competencies acquired through this discipline

9. Corroboration of the content of the discipline with the expectations of the main representatives of the epistemic community, professional associations and employers in the field afferent to the program

- Compliance with ethics in labor relations is part of the requirements of employers, regardless of the field of activity, and membership of the body of public relations professionals requires, in addition to adopting general ethical behavior, the assumption of the values and behaviors described in the Athens Code of Ethics, with subsequent adaptations, under the conditions of postmodern, logocentric and digital society.

10. Evaluation

| Type of activity | 10.1 Evaluation criteria ¹⁶ | 10.2 Evaluation methods | 10.3 Share of the final grade |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------|-------------------------------|
| 10.4 Course | Demonstration of knowledge of specific concepts and ability to formulate ethical decisions in accordance with the rules of the profession; | Written test (two theoretical subjects and one practical) | 50% |
| 10.5 Applied activities | S: Demonstration of the ability to analyse ethical situations and make decisions in accordance with the rules and professional culture of the employer | Active participation in the seminar activities. Portfolio | 50% |
| | L: | | |
| | P ¹⁷ : | | |
| | Pr: | | |
| 10.6 Minimum performance standard (minimum amount of knowledge necessary to pass the discipline and the way in which this knowledge is verified ¹⁸) | | | |

¹³ At least one title must belong to the discipline team and at least one title should refer to a reference work for discipline, national and international circulation, existing in the UPT library.

¹⁴ Types of application activities are those specified in footnote 5. If the discipline contains several types of applicative activities then they are sequentially in the lines of the table below. The type of activity will be in a distinct line as: "Seminar:", "Laboratory:", "Project:" and / or "Practice/training".

¹⁵ At least one title must belong to the discipline team.

¹⁶ Syllabus must contain the procedure for assessing the discipline, specifying the criteria, methods and forms of assessment, as well as specifying the weightings assigned to them in the final grade. The evaluation criteria shall be formulated separately for each activity foreseen in the curriculum (course, seminar, laboratory, project). They will also refer to the forms of verification (homework, papers, etc.)

¹⁷ In the case where the project is not a distinct discipline, this section also specifies how the outcome of the project evaluation makes the admission of the student conditional on the final assessment within the discipline.

¹⁸ It will not explain how the promotion mark is awarded.

- Grade 5 is given for the minimal treatment of each subject at the exam, grade 10 for the treatment of the subjects, with including information from the bibliography. The evaluation takes into consideration the capacity of the students to combine acquired knowledge with their own documentation and reasoned opinion. Any attempt to cheat or plagiarize will result in sanctions, according to the gravity of the academic offence.

¹³¹ In the case where the project is not a distinct discipline, this section also specifies how the outcome of the project evaluation makes the admission of the student conditional on the final assessment within the discipline.

¹³² It will not explain how the promotion mark is awarded.

¹³³ The endorsement is preceded by the discussion of the board's view of the study program on the discipline record.
