[^0]RECTOR, DEAN

Assoc. Prof. Florin DRĂGAN, PhD Prof. Daniel-Codruṭ DEJICA-CARȚIȘ, PhD

[^0]:    Professional competences:
    Identification and proper use of the theoretical knowledge and fundamental practices specific to the domain and to the specialization of the MSc programme;
    Deployment of the electronic and technical calculus equipment for the analysis, processing and interpretation of information in telecommunications systems and signals, including digital images; Development and deployment of an interdisciplinary analytic set of tools for the proper identification, production and evaluation of the communication events and products in the field of PR; Deployment of information networks and of data collection, processing and management systems for problem solving and creative applications, in accord with the communication situation;
    Analysis, processing and interpretation of digital data.
    Transversal competences:

    - Development of networking, cooperation, teamwork and interdisciplinary cooperation skills specific to traditional and digital media

    Development of synthetic, comparative and critical thinking, and of adaptability and communication skills to tackle new situations

    - Development of management and organizational skills, of innovation and research skills, and of the ability to take initiative and to identify one's lifelong learning needs

    Additional competences:

    - Pertinent and proficient association of information and practices from two different domains (communication and telecommunications technologies)

    Proper selection, adaptation, management and application of the transdisciplinary investigative system for innovative and effective problem-solving

    - Providing innovative technological solutions to ensure effective communication.
